**THE ATM SECURITY ASSOCIATION WILL PARTICIPATE AT THE EAST FCS FORUM**

*Need for co-operation within the industry to develop actionable plans to combat ATM crime on a global level*

Utrecht, the Netherlands – The ATM Security Association will participate at the EAST FCS Forum 2017 which will be held on the 8<sup>th</sup> and the 9<sup>th</sup> of June in The Hague. At the ATM user-driven event the association will present the latest developments in the working groups. Furthermore representatives of the association will get in contact with potential members, who are interested in joining forces to ensure that the ATM remains a safe, secure option for consumers to confidently conduct any financial transaction, they choose. For this, the ATM Security Association brings manufacturers, their suppliers and other industry-related players together. The common target is to create vendor independent standards for security solutions within the industry on a global level. During the major event, representatives of the association will explain the activities to date, the benefits for potential members as well as the strategic roadmap and the next steps of the independent organization.

**About the ATM Security Association**

The ATM Security Association is dedicated to improving ATM security. The association aims to compile information on recognized and potential attack scenarios on ATMs and share that information with specific industry groups to rapidly develop and implement counter-measures at a global level.
